Hi All,

Steve Brittle (a petitioner) sent me the below note and attached July 2017 Maricopa County AQ inspection report from the Tonopah facility. Looks like methods and results are similar to what they shared previously.

I have requested the ammonia monitoring info from ADEQ and the MCAQD. I have just been told that a CD is being mailed to me from ADEQ, but a couple of ammonia air monitoring reports were emailed, and these were the air monitoring conducted by Hickman's, and not monitoring conducted by ADEQ or MCAQD. I don't know if what you received from these agencies was their own, or conducted by Hickman's, but see the attached document.
